### Adult Day Programs

Adult day programs provide a coordinated program of services for seniors and cognitively-impaired adults in a community-based group setting. These types of services are available to adults who need assistance or supervision in a safe environment outside the home during the day. Usually operating during normal business hours five or six days per week, services typically include meals, social or recreational activities, and/or various health-related services such as checking vital signs. Services often follow either a social model that provides socialization and recreational type activities, or a medical model that focuses on skilled assessment, treatment and rehabilitation goals.

Adult day programs are also designed to offer family support. They may conduct caregiver support groups, offer education on topics such as managing difficult or confusing behaviors and safety in the home, as well as provide counseling and help with locating community resources. In addition, adult day programs can provide respite care for caregivers, a vital resource that affords them the opportunity to take a break from caring for loved ones.

While each facility may differ in terms of programs and services offered, the following are those that are generally available:

- Social activities with other participants, as appropriate
- Transportation options, to and from home
- Nutritious meals
- Personal care, such as help with toileting, grooming, eating, and other personal activities of daily living
- Physical activities and mental exercises

## Hamlin Christmas Celebration

Everyone was filled with the spirit and really took advantage of the opportunity to celebrate this year. We played the stocking game, did door prizes, recognized volunteers, received a Santa visit, enjoyed the special music of Jim Cerminaro and shared a wonderful meal. Of course the company of many friends is the best treasure!

## Happy 2023 Party

The Hamlin Seniors brought in 2023 with a bang on Tuesday, December 27. The party began with the "Get to Know You Balloon Game." Balloons were distributed to everyone and then passed around to people at each one's table for one minute. The balloon each senior received at the end of one minute was theirs to keep. Some of the balloons had personal questions and each person stepped forward, read their question, and answered. It was a hoot!

Randy Light and his talented daughter were our entertainers. It was a wonderfully interactive time with dancing and use of instruments. It really was a fun-filled day. I wish to thank all my senior friends for the joy they bring to my life every day. (See additional photos on page 12.)

## Veterans' Affairs Update

If you are a veteran or a family member of a veteran, I am sure that you are wondering about advertisements regarding the PACT Act passed in August 2022. Can this act help you or a veteran that you know? What should you do? Here is a **VERY** simplified summary of the PACT Act. The most important thing to remember is that it expands healthcare eligibility to several groups of veterans not previously eligible.

**GULF WAR VETERANS:** If you were deployed in support of Operation Enduring Freedom/Iraqi Freedom/Freedom's Sentinel/New Dawn/Inherent Resolve or Resolute Support Mission, you were probably exposed to toxins. There has been an expansion of the list of countries and airspace where exposure to toxins has been verified. Some exposure dates start on August 2, 1990—the list expanded to more countries effective September 11, 2001. If you are not currently receiving VA healthcare and think that you might be eligible, simply call the VA Medical Center in Wilkes-Barre at 570-824-3521, extension 4. A representative can assist you in the enrollment process and, if you are eligible, an initial toxic exposure screening. For veterans that are currently receiving VA healthcare, you are also encouraged to have this screening. Additionally, the PACT Act added more than 20 new presumptive conditions. If you would like more details on the list of affected countries, or would like help in filing a claim for compensation, please feel free to contact me, or any Veteran Service Officer for assistance.

**VIETNAM ERA VETERANS:** Healthcare coverage and benefits have expanded for veterans who did not serve in the country of Vietnam, but served in neighboring countries. Also included in this expanded list are veterans that served in one of three countries that were involved in nuclear cleanup activities.

The Act also adds two new Agent Orange presumptive conditions: Monoclonal Gammopathy of Undetermined Significance (MGUS) and hypertension (high blood pressure).

If you want more details on any of these recent changes, please do not hesitate to contact me, or any Veteran Service Officer. I can be reached at 570-253-5970, extension 3114.

### What is Stalking?

Generally, stalking is defined as a pattern of behavior directed at a specific person with the intention to frighten or intimidate them. Stalking is a particularly difficult crime to heal from due to the fact that cutting off contact with the perpetrator can feel impossible, but VIP is here to assist. Our team can help you understand your rights, create a safety plan and explore legal options. These behaviors take many forms including:

- Repeated unwanted phone calls or texts.
- Following or spying on you.
- Leaving/sending unwanted gifts for you to find.
- Driving by your home, school or place of work constantly.
- Threatening to hurt you, your family, friends or pets.
- Creating fake social media accounts in your name with your information.
- Hacking your email, bank accounts, or social media accounts.

If you have been experiencing stalking, call us today to speak with an advocate at:

James Shook of Palmyra Township took the oath of office as Wayne County Commissioner before President Judge Janine Edwards on Wednesday, Dec. 28, in the Main Courtroom.

Shook was named by Judge Edwards to succeed Joseph Adams, who was elected as State Representative for the 189<sup>th</sup> Legislative District in November.

Commissioner Shook graduated from Wallenpaupack Area High School, after which he owned and operated the Wallenpaupack Lanes, a bowling alley which he relocated to a site off Route 6 just west of Hawley in 1994. In 1999, he took over operation of the Lake Region IGA supermarket, which he has operated for more than 20 years. In 2007 he created the Community Dock Foundation, which is funded privately and through annual fundraising events and helps those in need.

He served on the Board of Directors for the Chamber of the Northern Poconos and its predecessor the Pocono Lake Region Chamber of Commerce from 2000 to 2021, serving as President and Treasurer. He currently serves on the Board of Directors of the Lake Wallenpaupack Watershed Management District and has previously served on the Wayne County Investment Board and the Hawley Parks & Recreation Commission.

In 2021, he and his partner opened the Paupack Watering Hole on Route 6, just east of Hawley.

Shook said he has supported Wayne County the best way he could through his business connections and organizations. He has served the tourism industry and assisted those who are sick or injured. "I see this as an opportunity to serve the best interest of more residents. I consider it an extension of service," the new commissioner explained.
